

Patient Education FAQ'S

1. Why Should I Get This Test Done?

The GreenMCMeds Health Risk Assessment Tool offers your doctor a fast way to effectively measure the state of your health in these and many other areas:

- > Diabetes
- > Peripheral, Circulatory and Diabetic Neuropathy
- > Heart Disease, Hypotension and Tachycardia

An extensive wellness report is given to your doctor. With this vital information immediately in-hand, your doctor can quickly formulate a treatment plan.

2. Is It Expensive?

NO, not at all. It is covered by Medicare and most other insurance plans (standard co-pays and deductible may apply).

3. Is It Safe?

Yes it is! This test is non-invasive and painless! It can be repeated multiple times with no side effects. All you do is remove your shoes and socks, sit down and complete a couple simple task (controlled breathing, blood pressure and standing).
